

Associate of Arts Oregon Transfer Degree

Students should apply for their degree when they are within 3 terms of completion.

For students who intend to transfer within Oregon, the AAOT offers a degree accepted statewide with a balance of lower-division general education requirements and electives.

AAOT graduates admitted to Oregon University System institutions are guaranteed to have fulfilled all lower division general education requirements and are ensured junior status for registration purposes. Some OUS institutions may have additional course or GPA requirements for admission.

Starting Summer 1997, Oregon University System 4-year schools require two years of the same high school level foreign language or two terms of the same college-level foreign language for admission with grades of C- or higher.

IMPORTANT! Students need to meet with a program/major Academic Advisor or Counselor to determine which degree and classes are appropriate to meet major and academic goals.
