

Lane Community College PTA 204L Neurological Dysfunctions Lab

Locomotion Skill Check Outline

As the PTA, each of you will:

1. demonstrate two (2) skills listed in **BOLD** below,
2. role play as a patient who has a diagnosis or characteristics of R CVA, L CVA, R hemiplegia, or L hemiplegia

Locomotion Skills List

- a. **Facilitating forward stepping in parallel bars**
- b. **Facilitating forward stepping using hi-lo mat table**
- c. **Facilitating forward stepping with cane/hemiwalker**
- d. **Facilitating step up onto a step using hi-lo mat table**
- e. **Facilitating step-up onto a step using cane/hemiwalker**
- f. **Facilitating backward stepping in parallel bars.**
- g. **Facilitating backward stepping using hi-lo mat table**

Lane Community College

Name:

PTA 204L Neuro Dysfunctions Lab

Score: / 50

Rating: V+ / V / V- / Repeat

Locomotion Skill Check Rubric

Your final skill check grade is based on your first attempt with an examiner.

<i>Prepares for Patient Treatment - P/NP</i>	
<input type="checkbox"/> passes skill check $\geq 70\%$ by minimum of 2 peers during practice, provides examiner copies of peer skill check grading sheet Peer initials:	P/NP
<i>Forward Stepping- 16 points</i>	
<input type="checkbox"/> using correct manual contact, facilitates appropriate amount of weight shift needed for activity	/ 4
<input type="checkbox"/> facilitates limb advancement with appropriate manual contact and direction of force	/ 4
<input type="checkbox"/> uses clear, concise and appropriate verbal cues	/ 4
<input type="checkbox"/> demonstrates good body mechanics, patient guarding and safety techniques	/ 4
<i>Step Up- 16 points</i>	
<input type="checkbox"/> using correct manual contact, facilitates appropriate amount of weight shift needed for activity	/4
<input type="checkbox"/> facilitates limb advancement with appropriate manual contact and direction of force	/4
<input type="checkbox"/> uses clear, concise and appropriate verbal cues	/4
<input type="checkbox"/> demonstrates good body mechanics, patient guarding and safety techniques	/4

<i>Backward Stepping – 16 points</i>	
<input type="checkbox"/> facilitates limb advancement with appropriate manual contact and direction of force	/4
<input type="checkbox"/> facilitates limb advancement with appropriate manual contact and direction of force	/4
<input type="checkbox"/> uses clear, concise and appropriate verbal cues	/4
<input type="checkbox"/> demonstrates good body mechanics, patient guarding and safety techniques	/4
<i>Safety (P/NP)</i>	
<input type="checkbox"/>  washes hands before and after patient contact	P/NP
<input type="checkbox"/>  uses good body mechanics throughout the activity	P/NP
<input type="checkbox"/>  correctly applies and uses gait belt throughout the treatment	P/NP
<i>Role Play – 2 points</i>	
<input type="checkbox"/> demonstrates ability to role play assigned patient condition (R CVA, L CVA, L hemiplegia, R hemiplegia)	/ 2

 **Critical Safety Elements** are noted in **BOLD**. These are **PASS/NO PASS**. Critical safety elements which are not completed during formal assessment will result in a **zero grade and the skill check must be successfully repeated in order to pass the course.**

Skill Check Grade – Final scores are based on first skill check attempt

V+	<i>Excellent, safe and effective, >=(45/50) 😊</i>
V	<i>Safe and Effective, (40 to 44/50) 😊</i>
V-	<i>omissions, ineffective Rx, below appropriate level 😞 (35 to 39/50)</i>
Repeat	<i>indicates unsafe and/or ineffective Rx 😞 (<35/50)</i>
