Displacement versus Projection

A collective list of video examples will be at <https://media.lanecce.edu/users/kime/videoclips.html>

Students have difficulties distinguishing between the ego defense mechanisms of displacement and projection. Instead of restating the definition and describing examples, show them the difference...

Displacement	Projection
	
<ul style="list-style-type: none">• Displacement: Scrubs - Passing on the Anger (https://www.youtube.com/watch?v=-3f_cxAP5fc)	<ul style="list-style-type: none">• Projection: Penny and Sheldon Missing Leonard (https://www.youtube.com/watch?v=L6menDmBB68&t=60)• Projection: How I Met Your Mother Judy Greer AKA Royce (https://www.youtube.com/watch?v=MsatBLcPY_Q)

Identify the Psychology Concepts in the Videos

A collective list of video examples will be at

<https://media.lanecc.edu/users/kime/videoclips.html>

You can use video clips to demonstrate psychological concepts or assess students knowledge of psychology and the "real world".

Part 2: What Video Clips do you Use to Help Students Learn Psychology?

In groups of 2-5,

In under 30 seconds, each person can

1. Identify yourself to other group members,
2. Identify where you are from,
3. Identify your role in your institution (instructor, student, other), and
4. Identify your favorite topics in psychology or closely related to psychology

In your group discuss

- What videos have you seen or like to use?
- What topics do you think you would be helpful to teach psychology?
- Pick one or two items to share with the class in 60 seconds (see below)

Part 3: Briefly Share with the Class

Pick what is most relevant to share with the class in 60 seconds.

- What videos have you seen or like to use, or?
- What topics do you think you would be helpful to teach psychology?
